- 2024 Perfect Game 2nd Place

COLLEGE INFORMATION

ADDITIONAL INFORMATION

My future goals are to continue to grow and excel within my softball career while playing in college. I am still trying to decide what I would like to study in college, but I am leaning towards business. I have a passion for photography so in hopes I can own my own business. Softball has motivated me to be a good student inside and outside the classroom. It has kept me from hanging out with the wrong crowd. I have been blessed with having some amazing teammates who have turned into family, Coaches who will forever have a place in my heart. Softball has taught me some big life lessons; it is a game of failure but what you do with that failure is what you can gain from this sport. Do you make a mistake and just get down on yourself or do you learn from your mistake and correct it.
