ADDITIONAL INFORMATION

Ever since I was young softball has been a huge part of my life. It has always been an escape from reality and a guarantee that I'll have fun. When I was little I always looked up to the older girls and thought I want to be them when I'm older but now that I'm the older girl, I realize that softball is more than a sport. It gives you experiences, knowledge, and most importantly a family. I would love to keep playing softball as long as I possibly can and be the one the younger girls look up to.
