ADDITIONAL INFORMATION	
<p>I've felt that softball has taught me so many skills that I will use on and off the field. Softball has taught me to be a team player, to problem solve, to be mentally tough, and to never give up. Softball has shown me to never give up no matter how much I want to. These skills will help me in the world as much as they do on the field and will help me make important decisions in my life. The field provides a place of comfort for me where I can play the game with my teammates and feel joy like no other. Softball has helped me through rough patches in my life and will continue to do so. Being on the field provides an environment that allows me to grow not only as a player but also as a person. My ultimate goal is to play ball throughout highschool and college, my academic goal is to become a Teacher or counselor at the Highschool level.</p>
