COLLEGE INFORMATION			
Major Interests: Veterinary Medicin		NCAA Clearing House Registered: <input type="checkbox"/>	
		NAIA Clearing House Registered: <input type="checkbox"/>	
ADDITIONAL INFORMATION			

Softball has taught me many valuable life lessons. Softball has been a huge part of my life and given me so many lessons and information about not only softball but life. Softball has taught me to never give up no matter how hard things get. It's taught me that there are going to be off days and days where you struggle a bit more than others but the only way to get past those challenges is to pick yourself up and keep trying. It has taught me that there is always room for growth and improvement and that no matter how much you think you've learned all that you can there is most definitely more to be learned. Softball is my safe space, something I know I can always rely on to help me clear my head or cheer me up when I'm down. Softball has helped me develop many relationships with some of my closest friends through softball you develop many sisters and close people to you, that has always been one of my favorite parts. In college my goal is to play softball but as my career path I'd love to major in my dream of veterinary medicine.
