<p>ADDITIONAL INFORMATION</p>	
<p>By the time I was three years old, my dad had already stuck a baseball glove on my hand. Growing up, the sport of baseball and softball held many meanings to me: it was a time to bond with my father, build relationships with friends and coaches, and simply a form of happiness. No matter how many times I had moved or experienced change in my life, softball stayed a constant. Through hard times, softball was an escape. This sport created who I am today. It taught me respect, mental toughness, self-discipline, and a never give up attitude. Being a collegiate athlete is a significant goal of mine, alongside my academic goal to become either an early childhood educator or a child-welfare social worker to support the children in my community.</p>
